SPECIAL NOTICE

Bicycle Catalogue

We have this year issued a new Bicycle Catalogue. If interested, write and we will send you a copy.

Fishing Tackle Catalogue

We have issued a new Fishing Tackle and Summer Sports Catalogue.

If interested, write and we will mail you a copy.

NOTICE

A recent Act passed by Parliament has made it unnecessary for a British subject, or a person who has taken out his Naturalization Papers, to obtain a Certificate for the purchase of Shotguns or Rifles, but aliens, who have not been naturalized, must have a Permit to buy a Shotgun or Rifle. All British subjects, as well as aliens, must have a Permit from the proper authority, authorized to issue same, in order to purchase a Revolver or Pistol in Canada.

The following Form of Permit should be used to purchase a Revolver or Pistol:

To T. W. Boyd & Son,
Montreal, Que.

(Town, Province and Date)

Upon sufficient cause being shown, permission is hereby given to (Name of Purchaser), of (Name of Residence of Purchaser), to purchase a revolver or pistol.

Signed (Name, Office and Post Office Address of person issuing permit).

Our stock of goods is now very complete, and prices are reaching a solid basis.

We are at your service. Write us for any information you may require.

Yours very truly,

T. W. BOYD & SON.

This CATALOGUE *is an* ADVERTISEMENT

We believe in illustrated catalogues as the best and only way to bring our goods to your notice. We have issued illustrated catalogues for a number of years, and have customers all over Canada, from Newfoundland to British Columbia.

Illustrated catalogues are a necessity to us and a convenience to you, but no matter how good or how widely distributed a catalogue may be, it would, with nothing back of it, be of little value and fail in practical results.

In the first place we start with good goods, well selected, and a practical organization, kept up to date. Then we honestly describe our goods.

We were never much for elaborate catalogue description, believing rather in describing things as they are, for when you have made up your mind that an article as described is what you want, it is unpleasant to change your mind.

Your decision made, we are equipped to render you service, organized for promptness and efficiency.

Believing that each man knows his own mind best we aim to serve you first; then, if a little information will help, we are at your disposal. During eighty-one years spent in handling sporting goods, we have been in constant touch with the sportsman who knows, and what we have learned is at your service.

We are in the sporting goods business to stay; we occupy our own building in the heart of Montreal's busiest business district. Our statements are backed up by eighty-one years of square dealing. No matter where you go, you will meet sportsmen who know and believe in us. We want you among the number.

T. W. BOYD & SON

Prices Subject to Change Without Notice

TERMS

Unless otherwise arranged, terms are strictly net cash with order.

REMITTANCES

All remittances should be made by draft, postal or express money order.

Orders to be shipped by express C. O. D., or by freight with draft against bill of lading, must be accompanied by sufficient cash to guarantee transportation charges both ways.

SHIPPING INSTRUCTIONS

When sending in an order, give the name of your Post-office; also, of your Express office. If your office is a Flag Station, send ample money to prepay charges, as we do not prepay any charges.

State on order whether goods are to be shipped by freight, express or mail.

Refer to inside back cover for Postal rates. The amount to prepay postage must be included with the order, also 5c. additional if you wish goods insured against loss.

Our responsibility ceases when goods are delivered to transportation companies or delivered in post office.

All claims for shortage or imperfection must be made at time goods are received, otherwise no claim will be allowed.

All goods returned to us **must be prepaid**. You should distinctly tag them with your name and address, and advise us of their return.

Before returning any goods, write giving reason for returning same and ask our permission—otherwise we will not accept the goods.

When samples are sent or goods returned by customers it is absolutely necessary that they should attach a label or tag to same with their full name and address on it.

BACK ORDERS

When we are unable to fill an order complete, we put unfilled portion on back order, and notify you of shortage, and, unless otherwise instructed, will ship balance of order at our earliest convenience.

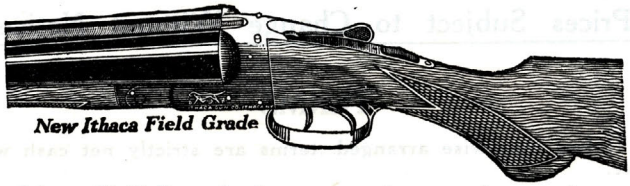
ITHACA HAMMERLESS GUNS

NEW ITHACA FIELD GUN



New Ithaca Field Grade

The New Ithaca Field Gun, the least expensive gun that can be guaranteed. It will last a lifetime.

Barrels—Smokeless Powder steel, proof-tested with a double powder load.

Stock and Forend—Black walnut, hand checkered, solid where stock joins the frame to prevent splitting, full pistol grip.

Locks—Same mechanical construction as in higher grade Ithacas and this lightning lock will improve any man's shooting.

Price—Field grade, **$46.00**—Ejector, if wanted, costs **$21.50** extra.

NEW ITHACA No. 1

New Ithaca No.1

The New Ithaca No. 1 will last a century if taken care of.

Barrels—Fluid steel, proved and guaranteed.

Stock and Forend—Black walnut, hand checkered, full pistol grip, solid where stock joins the frame to prevent splitting.

Locks—Same as in higher grades, lightning fast, with a clean pull.

Engraving—Frame, top lever, forend iron, guard and trigger plate hand engraved; a leaf design of engraving is used on both sides of frame, trigger plate and top lever.

Price—No. 1, **$58.00.** Ejector, if wanted, costs **$21.50** extra.

NEW ITHACA No. 2

New Ithaca No.2

New Ithaca No. 2, thoroughly well-made and reliable gun at a moderate price.

Barrels—Fluid steel of extra grade.

Stock and Forend—Black walnut with nice color and finish, neatly hand checkered, full pistol grip.

Locks—Lightning fast locks that will stand use and misuse. You do not have to strain your wrists to cock an Ithaca.

Engraving—Frame, top lever, forend iron, trigger plate and guard engraved by hand. Bird scene and leaf design on each side of the frame, leaf design on trigger plate and guard.

Price—No. 2, **$70.00**—Ejector, if wanted, **$21.50** extra.

SPECIFICATIONS—Full pistol grip. .410 Cal., 26 in. barrels. 20 gauge, 26 or 28 in. barrels. 16 gauge, 26, 28 or 30 in. barrels. 12 gauge, 26, 28, 30 or 32 in. barrels. 10 gauge. 32 in. barrels. Winchester Take-down Repeating Shotgun, Model 1897, 30 and 32-inch barrel, pistol grip stock, plain finish, not checkered.

12 Gauge only .....Price, **$50.00**

All prices in this catalogue are net.

WINCHESTER SELF-LOADING SHOTGUN

(The Winchester Self-loading Shotgun is a recoil operated, hammerless, take-down, five-shot repeater.) The recoil developed by the discharge cocks the hammer, ejects the fired shell, feeds a loaded shell from the magazine into the chamber and leaves the gun ready to be shot again. The element of safety has been carefully and successfully accomplished in designing the Winchester Self-loading Shotgun.

The standard gun is made with full choke 26-inch nickel-steel barrel, chambered for 2¾-inch shell; plain finish pistol grip stock, length 14⅞ inches, drop 1⅝ inches at comb, 2⅜ inches at heel; 28-inch modified choke, or cylinder head barrel furnished to order, no extra charge; matted barrel furnished to order, extra, **$5.00.**

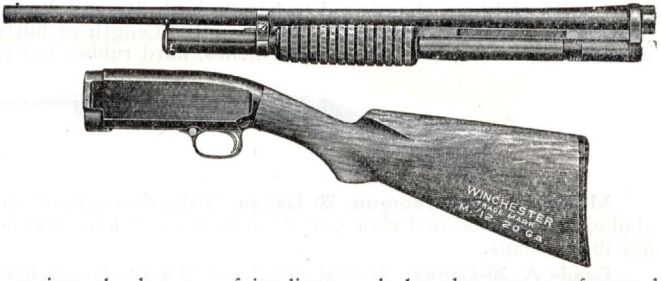
MODEL, 1911
TAKE - DOWN
12 Gauge Only.

Plain Finish

26-inch nickeled steel barrel, plain pistol-grip stock and fore-arm, rubber butt plate, weight about 7¾ pounds.

Price..... **$83.00**

NEW MODEL 1912 HAMMERLESS—12, 16 AND 20-GAUGE TAKE-DOWN



Sportsmen who have been looking for a safe, strong, serviceable, lightweight, hammerless repeater will find that the latest of the popular Winchester models will meet all these requirements. On account of its safety, strength, lightness and balance, the ease and sureness of its operation, the beauty of its lines and the observance of sound mechanical principles in its design, this model has been rightly classed by critical experts as "the most perfect repeater."

Model 1912 12-Gauge. 26, 28 30 or 32-inch barrel nickel steel modified cylinder or full choke chambered for 2¾-inch shells; plain walnut pistol grip stock 13¾ inches long; drop at comb 1 11-16 inches, drop at heel 2½ inches, rubber butt plate, slide handle; weight about 7¼ lbs., 6 shots. Length over all 48⅞ inches. **Price....$58.00**

Model 1912 16-Gauge. 26-inch nickel steel barrel, full choke, chambered for 2 9-16-inch shells. Length over all 44½ inches, plain walnut stock, pistol grip and slide action. Length 13⅝ inches, drop at comb 1½ inches, drop at heel 2½ inches, rubber butt plate; weight about 6 lbs., 6 shots. Price.....**$58.00**

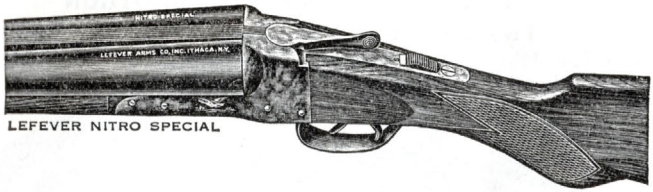
Price.....**$46.50**

All prices in this catalogue are net.

THE NEW LEFEVER NITRO SPECIAL FOR ONLY $30.00



This new Lefever gun, known as the Lefever Nitro Special is well finished, considering the price of $30.00. It is built to shoot right and stand as much use as any gun ever built. The Lefever Nitro Special will have non-breakable coil springs, the stock will be securely fastened to the frame with a draw bolt running up through the grip of the stock to the frame and the top snap may be tripped by simply pressing down with your thumb on a trip pin which comes up through the face of the frame.

This Lefever Nitro Special can be furnished with the following standard specifications and **no other specifications can be furnished.** 12-Gauge 28-inch weighing about 7¼ lbs., 12-Gauge 30-inch, about 7 lbs. 10 oz., 20-Gauge 28-inch about 6¼ lbs., 16-Gauge, 28-inch about 6¾ lbs; 410 cal. 26-inch about 5¾ lbs.

A choice of boring for the left barrel will be limited to full or modified choke. A choice of boring for the right barrel will be limited to modified choke or cylinder. 410 Gauge made only with left barrel full choke and right barrel modified.

All stocks will be as near standard specifications as we can make them and these standard stock specifications are—14 inches long with 2⅞ inches drop at the heel. Every gun will be proof-tested with an extreme load.

RIVERSIDE REPEATING SHOTGUN No. 520

SIX SHOTS. 12 GAUGE ONLY. 28, 30 AND 32 INCH. 7¾ LBS.

The Riverside Hammerless Repeating Shotgun—(Brownings' Patent), was designed by Mr. John Browning, an inventor of international prominence, which in itself is an absolute guarantee that in every detail of design and construction it is a practical and up-to-date arm.

Barrel—Compressed forged steel.

Receiver—The receiver is a solid drop forging, and, in the manipulation of the gun, none of the interior parts protrude that usually interfere with the pleasure and safety of shooting a repeating shotgun.

Take-Down Feature—Owing to its simplicity, this gun can be taken down and put together quicker than any other repeating shotgun.

To Unload and Empty Magazine—Put safety on. To empty the magazine, turn gun upside down, press down lifter, and shells will immediately start out of magazine tube. Push button forward and draw back slide handle. This is the easiest and safest way to unload a repeating shotgun and avoids the danger of working loaded shells through the action in and out of the chamber of the barrel with slide handle. **Price**.....**$44.00**

All prices in this catalogue are net.

STEVENS ARMS CO. GUNS

STEVENS NEW DOUBLE BARREL HAMMERLESS SHOTGUN

Five Reasons Why

Low in price—High in quality—Light in weight—
Safe in shooting—A beauty in appearance

No. 330—12-16 and 20 GAUGE

SHOTGUN, DOUBLE, No. 235

Barrels — Stevens compressed - forged, high pressure steel, choke-bored for nitro powder. Has matted extension rib.

Action—Top snap made extra wide and strong, new style compensating locking bolt through extension rib, low circular hammers, rebounding locks with drop-forged steel parts, solid plungers, case-hardened frame. The frame and action is a radical departure from anything now on the market, the main springs being spiral and working on plungers, which are set in the frame directly in front of the hammer, thus insuring a smooth, easy and positive action. Also has in addition a **check-hook** to take the wear of the joint.

Stock—Oiled walnut, finely finished, with pistol grip checked, patent snap fore-arm, checked.

Ammunition—Adapted for any standard make of shell; loaded with either black or smokeless powders.

Gauges, Lengths, and Prices—12 gauge, 28, 30, 32-inch barrel; **16** gauge, 28, 30-inch barrel; weight about 7 to 8½ pounds.....Price, **$29.00**

No Deviations Whatsoever from the regular standard stock will be allowed on this particular number.

Regular Length of stock, 14 inches; with 2¾ or 3-inch drop.

All prices in this catalogue are net.

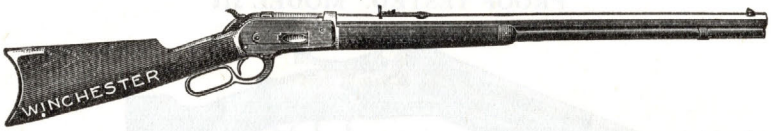
WINCHESTER RIFLES

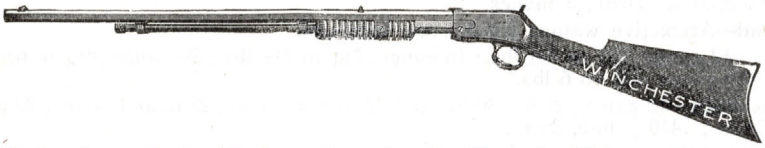
WINCHESTER "TAKE-DOWN" RIFLE, MODEL 1886



The Model 1886 rifle is chambered to use .33 calibre only. It weighs about 7½ pounds, and is fitted with shotgun butt, half magazine and 24-inch nickel steel barrel, take-down only.

1886, round, **.33** calibre, take-down, half magazine.....Price, **$66.00**

WINCHESTER MODEL 1890, .22 CALIBRE REPEATING RIFLE

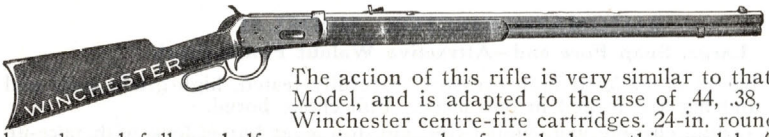


This handsome little rifle is made to handle .22 short, .22 long, .22 long rifle or .22 Winchester Rim-fire cartridges, and weighs but 5¾ lbs. Each rifle is chambered for only one cartridge, i.e., if devised for .22 short, only that size cartridge and no other can be used in it; and the same applies to the other sizes of .22 cartridges.

The barrel is furnished in octagon style only and is 24 inches long. This rifle is a "Take-Down," and, on account of its small size and weight, can be easily packed or carried. It is particularly desirable as a lady's gun because of the ease with which it can be operated.

Price.....**$27.00**

MODEL 1892 WINCHESTER REPEATING RIFLE



The action of this rifle is very similar to that of the 1886 Model, and is adapted to the use of .44, .38, .32 or .25-20 Winchester centre-fire cartridges. 24-in. round or octagon barrels and full or half-magazines can be furnished on this model. This rifle is light, strong and simple in construction. It can be furnished in "Take-Down" style.

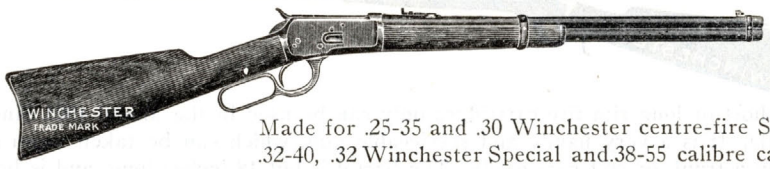
WINCHESTER RIFLES

WINCHESTER MODEL 1894 REPEATING RIFLE



Made for .25-35 and .30 Winchester centre-fire Smokeless .32-40, .32 Winchester Special and.38-55 calibre cartridges.

This model is popular everywhere because it is a strong, light weight and easily operated gun. The "Take-Down" style can be fitted with interchangeable barrels, thus making it possible to use several calibres of cartridges in the same gun by simply changing the barrel. The Model 1894 can be furnished with 26-inch round or octagon barrel and full or half-magazine.

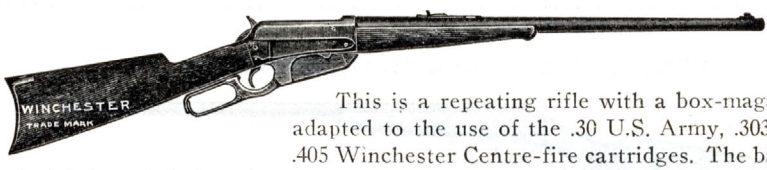
WINCHESTER MODEL 1895 RIFLE



This is a repeating rifle with a box-magazine, and is adapted to the use of the .30 U.S. Army, .303 British, .35, .405 Winchester Centre-fire cartridges. The barrel is made of nickel-steel designed especially to handle high-power smokeless powder ammunition. Rifles for .405, .35 Winchester have 24-inch round nickel steel barrels, and have a capacity of five cartridges, while the .30 Army and .303 British have 28-inch round nickel steel barrels and have a capacity of six cartridges.

WINCHESTER RIFLES

MODEL 1902 .22-CALIBRE WINCHESTER SINGLE SHOT

.22-short or long rim-fire cartridges only can be used in the Model 1902 Single-shot Rifle. It is a very handy and serviceable gun, which can be taken down and packed in a trunk or suit-case easily. The barrel is but 18 inches long, and is bored with the same care and exactness which has made Winchester rifles famous.

Price..... **$8.00**

WINCHESTER AUTOMATIC RIFLE, MODEL 1903

The Automatic is a 10-shot hammerless, take-down rifle using a cartridge known as the .22 calibre Winchester Automatic, which is loaded with smokeless powder and Winchester Greaseless bullet. No other size of .22 calibre cartridge should be used in this rifle. After filling the magazine and throwing a cartridge into the chamber, all it is necessary to do to shoot the ten cartridges that the magazine holds is to pull the trigger for each shot. The rifle is fitted with a trigger-lock by means of which the hammer can be carried at full cock when the gun is loaded.

Price..... **$44.00**

WINCHESTER SINGLE SHOT, MODEL 1904

An excellent little rifle is the Model 1904. It is adapted to the use of .22 short and .22 long rim-fire cartridges and is a very desirable gun for target shooting at short range. The barrel is 21 inches long and has an adjustable rear sight and a bead front sight with a bright alloyed tip which will not tarnish.

Price..... **$10.00**

All prices in this catalogue are net.

WINCHESTER RIFLES

MODEL 52 BOLT ACTION BOX MAGAZINE RIFLE

Calibre: .22 Long Rifle Only

28-inch round barrel, pistol grip stock, military butt plate. A target rifle of phenomenal accuracy and smooth functioning that has established remarkable records both in indoor and outdoor .22 calibre shooting. Standard magagine holds 5 cartridges.

Extra magazine, 10 cartridges ..... " **2.00**

MODEL 53 REPEATING RIFLE

An extra light weight sporting rifle chambered for .25-20 W. C. F., .32 W. C. F. and .44 W. C. F. cartridges. Take-down or solid frame. Action similar to that used in the famous Winchester Model 92. .22-inch tapered, round nickel steel barrel, plain shotgun stock, with heavily scored steel butt plate, Lyman gold bead front sight, flat top sporting rear sight with elevator. Solid frame type, 7 shots. Take-down type, 8 shots. Weight about 5½ to 6½ pounds, according to frame.

Solid Frame ..... Price, **$34.00**
Take-down ..... " **43.00**

MODEL 55 TAKE-DOWN (ONLY) REPEATING RIFLE

A light weight sporting rifle with the action of the Winchester Model 94. Chambered for the famous Winchester .30-30 (.30 W.C.F.) 24-inch nickel steel barrel, shotgun type stock with corrugated metal butt plate, Lyman gold bead front sight and flat top sporting rear sight with elevator, 5 shots. Weight about 6¾ pounds.

Price **$51.00**

All prices in this catalogue are net.

WINCHESTER RIFLES

WINCHESTER MODEL 1906, .22 CALIBRE REPEATING RIFLE

For .22 short, .22 long and .22 long rifle rim-fire cartridges.

It is a compact, light-weight ,take-down rifle, attractive in appearance and outline ,and fully made up to the established Winchester standard of accuracy and reliability of operation. The 20-inch round barrel on this rifle is finished with a sporting front sight and an adjustable open rear sight. The stock is finished with a rubber butt plate and the magazine holds 15 cartridges. Weight of rifle, 5 pounds.

Price.....**$23.00**

WINCHESTER SELF-LOADING RIFLE, MODEL 1907, .351 CALIBRE

The Model 1907 is a very strong, accurate and reliable rifle, especially adapted to the use of high-power ammunition. The .351 calibre, which it shoots, is the most powerful cartridge for its size ever manufactured. It will penetrate a steel plate ¼ of an inch in thickness or twenty-six ⅞-inch pine boards when used with metal-patched bullets, and thirteen ⅞-inch pine boards if a soft-point bullet is used. The rifle can be taken down, thus making it easy to clean, and there are no moving projections on the outside of it.

It has a detachable magazine, which makes it possible to carry extra loaded magazines in the pocket, by means of which rapid and continuous firing can be done. The standard rifle is 38 inches in length and weighs about 7¾ pounds. It is fitted with a pistol-grip stock and a rubber butt plate.

Price.....**$61.00**

Extra magazine, 10 shot **6.00**

Extra magazine, 5 shot **4.00**

WINCHESTER SELF-LOADING RIFLE, MODEL 1910, .401 CALIBRE

The Model 1910 is a five-shot, hammerless take-down of .401 calibre. It shoots a heavier bullet and hits a harder blow than any other recoil-operated rifle made. It shoots a heavier bullet and a harder-hitting cartridge than the .30 U.S. Army.

It has a detachable magazine, which makes it possible to carry extra loaded magazines in the pocket, by means of which rapid and continuous firing can be done. The standard rifle is 38 inches in length and weighs about 8¼ pounds. It is fitted with a pistol-grip stock and a rubber butt plate.

Price.....**$61.00**

Extra magazine, 5 shot only **4.00**

All prices in this catalogue are net.

SPECIAL WINCHESTER RIFLES

We have bought a quantity of Winchester Carbines 30/30 and 44/40. They were used during the war as home guard rifles. The 30/30 Carbines are store soiled, but look as good as new. The 44/40 Carbines show slight signs of wear. Each rifle, however, is in perfect condition. At the price offered, they are exceptional bargains.

MODEL 94 CARBINE

Carbine, Model 94, Carbine butt stock, full magazine, 20-inch round barrel, .30 Winchester (30-30.)

Price.....**$30.00**

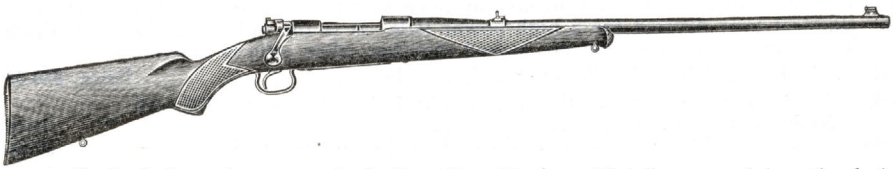
MODEL 92 CARBINE

Carbine, Model 92, Carbine butt stock, full magazine, 20-inch round barrel, .44 Winchester (44-40.)

Price.....**$25.00**

Winchester Model 54 High Power Bolt Action Box Magazine Rifle

Standard Rifle Chambered for .270 W.C.F. will also be furnished in Cal. .30 Gov't '06 when so ordered.



A finely balanced, compactly built rifle with beautiful lines, applying the bolt action system to the high-power rifle class.

24-inch round barrel of nickel-steel, pistol grip stock and forearm of selected American walnut. Forearm and grip handsomely checked. Full fluted comb. Shotgun type butt stock with cross-ribbed steel butt plate. Magazine holds five cartridges, which, with one in the chamber, makes it a six-shot repeater.

Weight about 7¾ pounds.

The bolt action is of the up-turn and pull-back type, positive and easy in operation. The handle slopes rearward and is especially comfortable and convenient to the hand. The sight equipment is specially designed for this gun; the front sight, a Lyman gold bead, and the rear, a Lyman folding leaf, with plain "U" notch in both leaves.

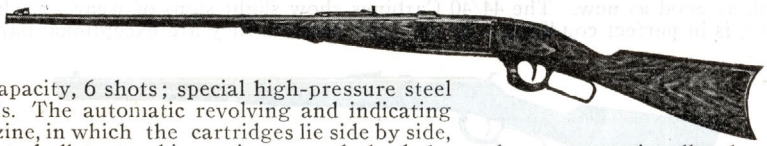
Price.....**$53.00**

All prices in this catalogue are net.

SAVAGE REPEATING RIFLES

MODEL 99. REGULAR SOLID FRAME

Calibres .300, .303 and .30-30



Capacity, 6 shots; special high-pressure steel barrels. The automatic revolving and indicating magazine, in which the cartridges lie side by side, prevents bullets touching primers, and the balance does not continually change, as with a tubular magazine; equipped with hammer indicator and positive safety, which locks the firing mechanism. Tight fit of bullet increases velocity and accuracy and prolongs life of barrel by preventing gas cutting. Accurate range for .303 calibre, 1,000 yards; other calibres, 800 yards. Solid wall of steel between barrel and shooter, insures protection from defective shells. Fitted with white metal bead front sight and adjustable flat top sporting rear sight, blued trimmings and American walnut stock.

99A, 26-inch round barrel rifle only, weight 8 lbs.....Price, **$44.00**

99C, 22-inch round barrel, weight 7 lbs. 10 ozs., in .303 and .30-30 calibre only ..... " **44.00**

99H, Carbine, solid frame, 20-in. round barrel, in .30-30 and .303 calibres only..... " **40.50**

MODEL 99. TAKE-DOWN

Calibres .300, .303 and .30-30

This rifle is identical with the Model 1899 Regular except for the changes necessary in converting it into a Take-down. The strength and durability of the arm have in no way been sacrificed. The take-down feature is the simplest ever devised for a high-power rifle. It is the only take-down in which the barrel and frame are securely locked together when rifle is assembled.

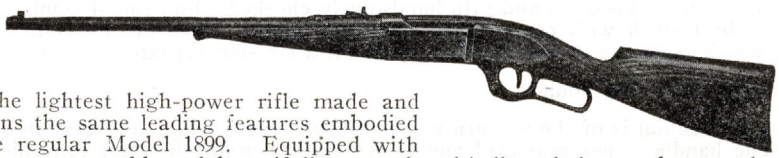
99B, 26-inch round barrel rifle, only weight 8 lbs.....Price, **$50.00**

99D, 22-inch round barrel, saddle gun, weight 7 lbs. 10 ozs., in .303 and .30-30 calibres only ..... " **50.00**

99D, 24-inch round barrel, saddle gun, weight 7 lbs. 10 ozs., in .300 calibre " **50.00**

MODEL 1899. FEATHERWEIGHT SOLID FRAME AND TAKE-DOWN

Calibres: .22 Hi-power, .30-30 and .303 with 20-inch barrel, .250-3000 with 22-inch barrel, .300 with 24-inch barrel



The lightest high-power rifle made and contains the same leading features embodied in the regular Model 1899. Equipped with high-pressure steel barrel, beautifully tapered, and hollowed shotgun butt stock, which reduce weight but do not detract from the perfect balance or sacrifice strength. Fitted with especially designed adjustable Bead front sight, brazed on the barrel.

99E, solid frame, round barrel rifle, weight 6½ lbs.....Price, **$47.00**

99F, take-down, round barrel rifle, weight 6½ lbs..... " **52.00**

Model 99G. Take-Down. Light-weight tapered barrel, shotgun butt, full pistol grip, checkered stock and forearm, checkered trigger and corrugated steel butt-plate. Weight about 7 lbs.

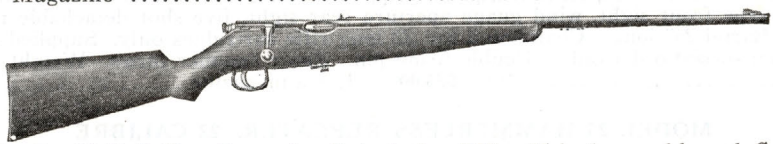
Price **$57.00**

MODEL 23 "SPORTER" RIFLES

Model 23A. .22 Calibre Repeating Bolt Action Rifle. 23-inch round barrel. One-piece stock and forearm of selected American walnut, full curve pistol grip, finished in rubbed varnish. Sights are Rocky Mountain knife blade and flat top elevator adjustment rear of sturdy construction. Action obtains half cock on opening stroke, full cock on closing stroke. Both operations by caming movements reduce cocking effort to minimum. Caming action of bolt on opening stroke gives strong primary extraction. Five shot detachable box type magazine. Chambered for .22 long rifle cartridge. Weight 6 lbs.

Price **$22.00**

Extra Magazine ..... **.75**



Model 23B. 25-20 Calibre Repeating Bolt Action Rifle. 25-inch round barrel. General specifications same at Model 23A except rifles of this calibre have an additional rear locking lug on bolt into receiver. Five shot detachable box type magazine. Weight 6 pounds.

Price **$26.00**

Model 23C. .32-20 (.32 Winchester) Repeating Bolt Action Rifle. 25-inch round barrel. General specifications same as Model 23A except rifles of this calibre have an additional rear locking lug on bolt into receiver. Five shot detachable box type magazine. Weight 6 pounds.

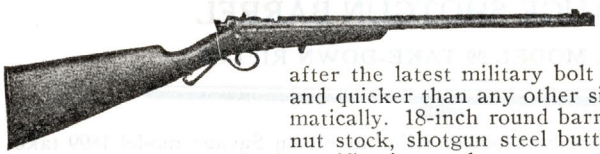
SAVAGE RIFLES—MODEL 1904 "JUNIOR"

Single Shot Hammerless Take-Down. .22 Calibre



Shoots .22 short, .22 long and .22 long-rifle cartridges in same chamber. Designed after the latest military bolt action rifles, it loads easier and quicker than any other single shot. Shells eject automatically. 18-inch round barrel, full form, American walnut stock, shotgun steel butt plate. Weight 3 pounds.

Furnished in standard specifications only.

Price **$9.00**

All prices in this catalogue are net.

SAVAGE RIFLES

MODEL 1920, BOLT ACTION RIFLE

Calibres: .250-3000 with .22-inch barrel, .300 with 24-inch barrel

The Savage, Model 1920, represents the latest and highest development of the American hunting rifle. The war has put the bolt action rifle on the American map. Before the war it was not popular in this country—largely because it was not thoroughly understood. But now it is more familiar to the majority of American riflemen than any other form or type.

Tapered high pressure steel barrel with integral front sight base, checked pistol grip stock and fore-stock, pistol grip capped, oil finished one-piece stock, corrugated trigger, corrugated steel shotgun butt-plate, white metal front and flat top sporting rear sights, magazine capacity five cartridges, weight 5 lbs. 14 ozs.....Price, **$60.00**

SAVAGE MODEL 19 N.R.A. MATCH RIFLE, .22 CALIBRE

MODEL 1922

Take-Down Solid Breech Hammerless

Chambered to take without any adjustment .22 short, long and long-rifle cartridges. Magazine holds 15 .22 short; 12 .22 long or 11 long-rifle cartridges; 21½-inch round barrel; pistol grip, walnut stock fitted with rubber butt plate; weight 4¾ pounds. **Price** **$18.00**

THE B.S.A. No. 12 SUPER-ACCURATE TARGET RIFLE

.22 BORE. Fitted with B.S.A. No. 8A Backsight and No. 19 Target Foresight.

Used by the majority of crack shots throughout the world.

The shooting of this extraordinary rifle in the hands of the world's best known small bore experts proves that it stands out quite alone.

Specifications: Length over all 45½ inches; of barrel, taken down, 29 inches; stock from trigger, 14⅜ inches; fore-end, 12 inches. Weight 8 lbs. 9 ozs. Distance between foresight and aperture backsight, 32 inches. Balance, 6¼ inches in front of trigger.

Price..... **$41.50**

HAMILTON SINGLE SHOT RIFLE

MODEL No. 27

The Hamilton Rifle Model No. 27, is safe, strong and accurate, with few working parts which can easily be kept in order. It has hammer action, with automatic extractor which releases shell when barrel is "broken down." When the shell is inserted and barrel closed the thumb-piece is thrown to the right and automatically locks barrel, at the same time bringing firing-pin into alignment with hammer. The solid breech-block makes action safe. The barrel is bronze and rifled under exclusive patents, and has a built-up steel jacket, which makes it strong, accurate and very durable, and can be easily cleaned.

Length over all, 30 inches. Barrel, tapered, 18 inches. Sights, rear open and adjustable and front knife sights. Chambered for .22 calibre short and long R.F. cartridges. Flat stock and fore-arm. Weight 2½ pounds.

No. 27..... Each, **$4.00**

All prices in this catalogue are net.

B.S.A. CANADIAN PATTERN SPORTING RIFLE

LEE-ENFIELD ACTION .303 CAL.

PROVED FOR THE MARK VII. HIGH VELOCITY CARTRIDGE

The B.S.A. Sporting Rifle illustrated has the same action as the famous British Service Rifle which proved so superior in the firing lines of France. In extremely cold weather the bolt always functions—a feature thoroughly appreciated by many veteran hunters when the mercury is well below zero.

SUPERB BALANCE AND FINISH

Specifications:—Length, over all, 40½ inches. Weight, 6¾ lbs. Barrel, 21½-in. Enfield Rifling. Action, Lee-Enfield bolt pattern with safety catch on cocking piece. Magazine, 5 or 10 shot. DAISY AIR RIFLES

UNEQUALLED FOR DESIGN, WORKMANSHIP AND FINISH

PUMP ACTION REPEATER, No. 25—Take-Down Model

This is a wonder! The smoothest and easiest action ever invented. It is unerring in accuracy. The balance and trigger pull show the work of an expert gun designer. The loading action is automatic. Two years of experimenting and planning are behind this model. This is an air rifle operated by pulling the slide toward the stock. Fires rapidly from the shoulder, the magazine having a forced feed. A strong and accurate shooter for men and boys. Metal parts in non-rusting gun blue; the stock is genuine black walnut, hand polished. Adjustable sights front and rear. Length 38 inches; Weight 3¼ pounds. **Each**..... **$5.00**

No. 30. 500 SHOT

Automatic Repeater with lever action. Same construction and finish as the 1,000 Shot Daisy but the barrel is three inches shorter and the magazine holds 500 Air Rifle shot. Shooting barrel is fitted with the Daisy Shot Retainer, the greatest improvement to magazine repeaters in recent years. Designed for boys wanting a high grade repeater. Length 33 inches; Weight 2 pounds 7 ounces. **Each**.....**$2.50**

No. 11 DAISY REPEATER

Automatic Repeater with lever action. Magazine holds 350 shots. A very sturdy, gun-like Air Rifle that will appeal to boys. Single-piece steel barrel beautifully nickel-plated; stock of genuine black walnut. Length, 31½ ins. Weight, 1 lb. 12 oz. Each, **$2.00**

No. 12 DAISY SINGLE SHOT

Lever action Single Shot, in finish and appearance same as No. 11. Shooting barrel removable and shoots either Air Rifle shot or 17-100 darts. Length, 31½ inches. Weight, 1 lb. 12 oz. **Each**.....**$1.50**

No. 20 LITTLE DAISY

Single shot. Made entirely from steel, handsomely nickel-plated and fitted with black walnut stock. Designed to meet the demand for an Air Rifle smaller and lighter than the No. 12. Length, 29 inches. Weight, 1 lb. **Each**.....**$1.00**

All prices in this catalogue are net.

THE WINCHESTER SLING STRAPS
WITH SWIVEL HOOKS

This sling can be attached to Winchester rifles, except Models 90, 02, 04, 06, and Thumb Trigger and also to shotguns. It is made of selected leather, and has a patent buckle, which permits its being lengthened or shortened easily. The hooks are made on a swivel to prevent the strap twisting, and they can be detached from the screw eyes without difficulty. The strap is attached to a gun by means of two screw eyes, one being screwed into the stock and the other rivited into the forearm tip.

Leather Sling Strap, Complete, with Screw Eyes, Swivel Hooks and Button.. **$3.00**

DUXBACK CLOTHING

NEW "PAKBAK" COAT

It is no longer necessary to wish for more pockets, and especially for bigger pockets, when out hunting and you need a big pocket badly. It is no longer necessary to tie together with a stout cord the game killed in a day's hunt and carry it back home or to camp draped around the neck and shoulders like a horse collar. That's out of date.

The easiest and best way is to carry the game in the big roomy pocket of the **"PAKBAK"** coat. Put the game in the pocket as fast as you bag it. Then it's out of the way—and your hands and arms are always free.

Your load never becomes burdensome because it is carried low and rides the back easily.

The "PAKBAK" Coat was designed to meet the great need for such a spacious pocket.

Each.....**$13.50**

CARRY-ALL BAGS

"The Twenty-Twenty Coat"

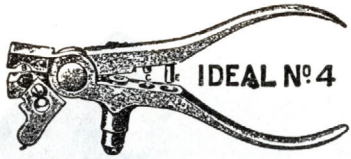
B.S.A. FIREARM "SAFETIPASTE"

The arduous process of scrubbing out the barrels of modern high velocity firearms is a thing of the past now that science has been employed by the B.S.A. Company to such effect in the invention of the new substance which is called the B.S.A. Firearm "Safetipaste." Immediately after firing, the bore of the barrel has merely to be coated thoroughly with this preparation, and by reason of the proved fact that it renders the acid and other products of combustion quite harmless, the rifle may then be safely put aside for any period, no matter how protracted. The bore has simply to be wiped out before firing is commenced again. It will then be found that it will have suffered no ill effects, and, indeed, that its polish may be even more brilliant than before.

Price.....Per tube, **$0.50**

All prices in this catalogue are net.

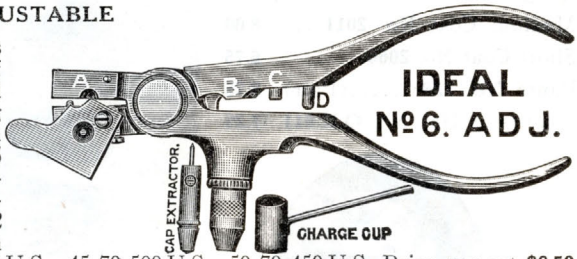
IDEAL RELOADING TOOLS



IDEAL No. 4

This set of reloading tools has bullet mould attached; it casts and sizes the standard lead bullet, decaps and recaps the shell, and crimps the shell on to the bullet—all in one tool—and a powder charge cup is furnished with each set. Tools are nickel finished. Calibres: 25-20 single shot, .25-20 repeater, 32-20, 38-40, 44-40. State calibre wanted. **Price, per set**.....**$7.25**

IDEAL No. 6 SINGLE ADJUSTABLE



Casts the bullet and performs all necessary operations of loading, same as No. 4 tool, and is adjustable for the varying lengths of shells of modern ammunition. Calibres: .25-35 Winchester, .25-36 Marlin, .30-30 Winchester, Marlin and Savage, .303 Savage, .32-40, .32 Winchester Special, .32 Marlin H.P.S., .38-55, .38-56, .45-70-405 U.S., .45-70-500 U.S., .50-70-450 U.S..Price per set **$8.50**

IDEAL No. 3 DOUBLE ADJUSTABLE

Similar to the No. 6 adjustable, but has no mould attached. Made for all American shells, one inch or over in length, and is adjustable for the varying lengths of shells. State calibre wanted. Is furnished only with double adjustable chamber, adjustable for the varying depth, width and location of crimping grooves in the metal patched bullets as well as for varying lengths of shells.....Price per set, **$7.25**

SPECIAL ATTACHMENTS FOR IDEAL No. 6 ADJUSTABLE and No. 3 TOOLS

Extra Double Adjustable Chamber (adjustable for varying depth, width and location of crimping grooves in metal-patched bullets and for loading round balls..**$2.50**

Muzzle Sizer (for resizing the muzzle of shells).....**$1.25**

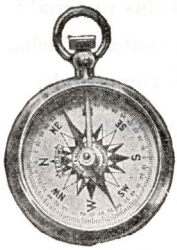
LEEDAWL COMPASS

(Registered U.S. Patent Office.)



No. 2910

Fishermen, hunters, pedestrians, motor-cyclists, automobilists, travellers, tourists, boy scouts, campers, sailors, woodsmen, farmers —in fact, almost everyone—appreciates a good compass.

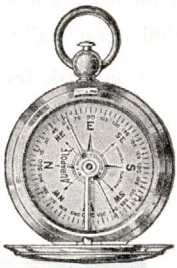
The trouble has been that good compasses cost too much for many to afford and cheap ones were "trash."

The Leedawl Compass solves the problem of a guaranteed compass that will last a lifetime, at a price within the reach of everyone.

Its jeweled needle, untarnishable silvered metal dial, heavy and tempered steel point, screw top (no dirt or moisture can get inside with this style of top), white-metal case (which cannot tarnish) and snap-in beveled crystal glass, are features that cannot be found in any other compass selling at.....Each, **$1.25**

AURAPOLE COMPASS

In the selection of a compass, many people prefer styles having needles of "bar" pattern to those of flat design, as used in the Gydawl and Leedawl instruments. Bar needles are to be preferred, first on account of their extreme sensitiveness, secondly because they can be magnetized much more strongly, and thirdly because they can retain their magnetism indefinitely.



No. 2915

The needles of Aurapole compasses are heavily magnetized, delicately balanced and extremely sensitive. Centers are jeweled and a stop lifts the needle off centre point when lid of case is closed. Dial is of aluminum.

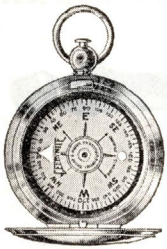
Aurapole compasses in thin model, white metal hunter case, strongly hinged.

Each.....**$3.00**

All prices in this catalogue are net.

SPORTSMEN'S SUNDRIES—Continued

Ceebynite Compass



No. 2917

How often during a sojourn in the woods or in crossing a lake at night, campers and travelers have difficulty in finding direction. It might be so dark that the compass could not be seen, and so windy that matches could not be lighted. The Ceebynite Compass solves the problem.

The North and South points of the floating dial are treated with a radio-active compound (permanently luminous) which enables them to be seen at night. The action of this material is permanent and does not have to be exposed to sunlight during the day to make it phosphorescent, as do other compounds.

Ceebynite Compasses in thin model, white metal hunter case, strongly hinged.....**$3.75**

Telaway Compass

The "Telaway" Compass has a dial of enamelled card, accurately divided and figured. The needle is of special steel, carefully magnetised and fitted with a jewelled centre. The case is brass, finished in black bronze, diameter being 1½ inches, and thickness ⅝ inches. A heavy bevelled crystal serves as a cover, making the whole practically dust and water tight.

No. 2905

Don't ask for a compass—ask for a "Telaway." Look for the name on dial.

Price, each **$0.75**

GUN GREASE

A light coat of grease on any unprotected surface of metal will prevent it rusting and preserve its finish and lustre.

Price per tube **$0.25**

All prices in this catalogue are net.

SPECIAL WINCHESTER RIFLES

We have bought a quantity of Winchester Carbines 30/30 and 44/40. They were used during the war as home guard rifles. The 30/30 Carbines are store soiled, but look as good as new. The 44/40 Carbines show slight signs of wear. Each rifle, however, is in perfect condition. At the price offered, they are exceptional bargains.

MODEL 94 CARBINE

Carbine, Model 94, Carbine butt stock, full magazine, 20-inch round barrel, .30 Winchester (30-30.)

Price.....**$30.00**

MODEL 92 CARBINE

Carbine, Model 92, Carbine butt stock, full magazine, 20-inch round barrel, .44 Winchester (44-40.)

Price.....**$25.00**

SPECIAL ITHACA TRAP GUNS

We have one No. 4 Ithaca Trap Gun and three Victory Trap Guns, which we are offering at very low prices. As the quantity is so limited we would suggest placing a rush order.

The No. 4 Ejector One-Barrel Trap Gun is a most popular gun.

Ithaca One Barrel Trap No 4 Ejector

Stock—Nicely figured carefully fitted, handsomely hand checkered, finely finished walnut.

Forend—We originated the "Beaver-tail" forend for one barrel trap guns. It fits the hand perfectly and keeps the hand away from the hot barrel. This forend is made of nice black walnut handsomely checkered by hand.

Engraving—Frame, top lever, guard and trigger plate hand engraved in a beautiful and artistic manner. Trapshooting scene on one side of frame; American eagle design on the other side. Hardened and polished trigger. Gold shield in stock.

Specifications—Straight grip, 32-inch barrel. Twelve gauge only.

Price—No. 4 Ejector, including recoil pad and Lyman Ivory Sights **$110.00**

This is the Ithac Victory Grade—, thoroughbred single barrel trap gun at a popular price. It is not as elaborately finished as our high grade trap guns but it is built to "stand the racket" of trap shooting. The Victory Grade is not a "made-to-order" proposition, it absolutely cannot be built to special order because it can only be produced at this price in quantity lots. In ordering one all that you need specify is "Victory Grade." Victory guns will have, approximately, the following specifications:

Ithaca One Barrel Trap Victory Grade

Stock—Straight grip, 14½ inches long, 1⅞ inch drop at heel, 1½ inch drop at cone, recoil pad. Length of barrel, 34 inches; 12 gauge only. This gun will be fitted with matted, ventilated top rib, "beaver-tail" forend. The frame, top lever, trigger plate, forend iron and guard line engraved. Grip of stock and forend checkered by hand. **Price** **$80.00**

REMINGTON LOADED SHOTGUN SHELLS

LONGEST RANGE SHOTGUN SHELLS

Arrow Express Load 12 Ga. are loaded with the finest quality American made, Progressive Burning Smokeless Powder to a uniform velocity in excess of that obtainable with 3¾ drams of Bulk Smokeless Powder and a maximum shot charge of 1¼ oz. shot.

WITCHELL-SHEILL HUNTING BOOTS

Regular—Men's medium weight hunting boot, suitable for all round wear, cream color, viscolized elkskin, full leather-lined, bellows tongue, outside back-stay and loop, large nickel Klondike eyelets, rawhide laces, full wing tip or cap, box-toe, made on full round-toe last. Goodyear welt.

Prime oak outsoles, full double rawhide sole, 18 iron edge, full Scotch extension, broad flanged heel.

Every pair is given a thorough coat of our viscol dressing before they are shipped. They will never harden or crack in wear.

The lightest and toughest hunting boot on the market, and the most comfortable boot ever worn by a sportsman.

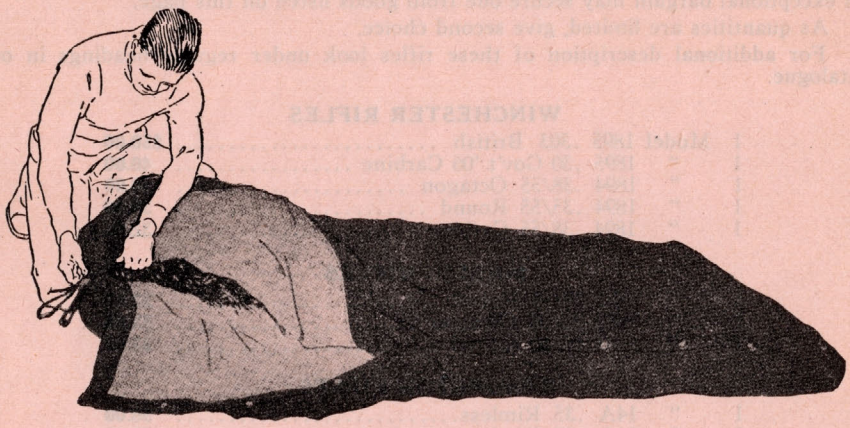
Leg 12 inches high.....Per pair, **$14.00**
Leg 15 inches high..... " **15.50**

Hoppe's Powder Solvent

For cleaning firearms of all kinds. The only reliable solvent. Removes and prevents rust. It will remove residue of any high-power powder; also black powder. Eliminates the use of brass brushes. Prevents corrosion and removes metal fouling. One size bottle only.

2-oz Bottle .....Each, **$0.50**

WOODS ARCTIC EIDERDOWN ROBE



It is built for a lifetime of service, and when you begin that woods trip or automobile tour, your Woods Eiderdown will assure nights of solid rest without a thought of the outdoor cold or chill. Leave your blankets behind, you will not need them. One Woods Arctic Eiderdown is worth a mound of them, and it will keep you warm. Standard equipment for trappers, arctic and sub-arctic explorers.

Open as a Blanket	Folded as a Bag	Weight	Net Price

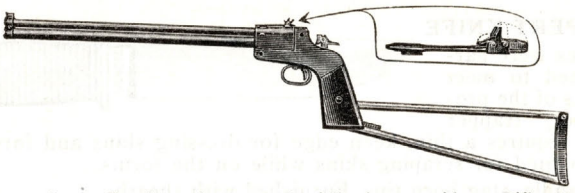
MARBLE'S GAME GETTER GUN

TARGET RIFLE OR PISTOL—BIG GAME GUN—SHOTGUN **The Only All-Round Arm**



The Marble Game Getter Gun is made to use the following cartridges: Rifle .22 short, .22 long, .22 long-rifle rim-fire shot, .44-40 round ball centre fire.

The Game Getter can be safely used with smokeless powder.

The .22 and .44 bullets shoot to the point blank range of 30 feet with sights set the same. There is very little recoil on account of .44 barrel being smooth bored and not choked.

Striker is held either up or down or "safe" by a concealed spring and plunger, but is easily moved with finger or thumb, or both. Can never work loose or drop down.

Gun is opened by pulling backward on front of trigger guard. Cannot be "broke" accidentally.

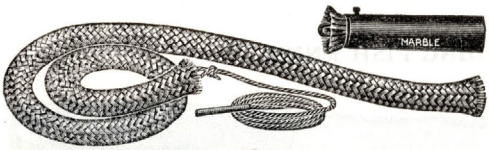
Folding Stock—Made from cold-rolled sheet steel, nickeled. To place in rigid position swing it backwards, pulling back on sliding lock. Stock is locked by a very strong sliding lock which enters a notch ⅛ inch deep at base of grip.

Specifications.—Barrels: round, blued. Trigger: single. Stock: steel, nickeled. Holster: leather. Frame: drop-forged, blued. Grip plates: walnut.

No. M21—12-inch barrels, complete with holster..... Price, **$26.00**
No. M21—15-inch barrels, complete with holster..... " **27.00**
No. M21—18-inch barrels, complete with holster..... " **29.00**

MARBLE'S ANTI-RUST ROPES

For Shotguns, Rifles and Revolvers



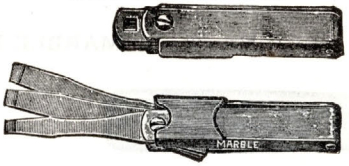
When saturated with oil these "ropes" exclude all air and moisture and make it impossible for the barrels to rust or become pitted. They are longer than the barrel and larger than the bore. This insures a constant pressure of oil against the entire circumference of the bore. One oiling will last for a year.

State length of barrel.

For 10 to 28 Ga. Shotguns.....**$ .70**
For Rifles. State calibre..... **.70**
For Revolvers. State calibre ..... **.45**

MARBLE'S POCKET SCREW DRIVER

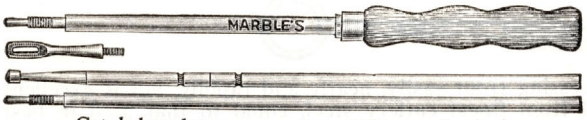
With Gas Tank Key



Handle is steel—strong and rigid—handsomely nickel plated—gives an excellent grip. Has three good long blades that lock open separately. Made of special screwdriver steel—perfectly tempered—guaranteed. It is a great thing for everybody, especially hunters, anglers, motorists.

No. 246—Size open 5½ inches, closed 3½ inches .....**$ .75**

MARBLE'S JOINTED BRASS RIFLE ROD



Cuts below show cross sections of joints and swivel.

Will not "Wobble," Bend or Break at the Joint

When screwed together the rod is to all intents as solid as a one-piece rod, because the projection at end of the steel screw enters the hole beyond the threads in the solid brass section and relieves the screw of all side strain. The end section has a steel swivel which prevents joints from unscrewing when in the barrel.

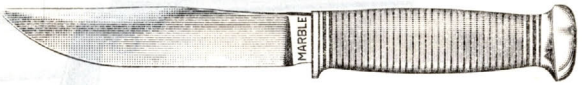
Furnished with jagged and slotted tips, bag and attachments, which make rod fit any size and make of cleaner.

No. 9622—.22 and .25 Cal. Lengths, 26, 30 and 36 in.....**$1.50**
No. 9728—.28 Cal. and up. Lengths, 26, 30 and 36 in..... **1.50**

All prices in this catalogue are net.

MARBLE KNIVES

MARBLE EXPERT KNIFE



These knives were particularly designed to meet the requirements of the professional hunter, trapper and guide who requires a thin, keen edge for dressing skins and furs. The back of the blade is designed for scraping skins while on the forms.

Cocobolo handle, stag horn tip. Furnished with sheath.

No. 545. Blade 5 inch, weight 3½ ounces.....$2.75

MARBLE-DE WEESE

Designed by Dall DeWeese for use on expeditions after big game, where every item of the outfit has to be figured down to the lightest and most compact form possible. It has a dull saw back on which the thumb is placed when skinning, or cutting hard substances. When sticking, the little finger should be doubled up, letting the end of the handle rest against it. This takes the place of a hilt.

Blade, 4 inches long; stag horn handle, 3¼ inches; weight, 3 ounces.

No. 62—With sheath $2.25

MARBLE FOLDING FISH KNIFE

Closed

Open

Dotted lines show blade folded within folding handle. The blade is made sharp at back of point for ripping, and the back is an excellent fish scaler. It is a good all-round pocket knife for sportsmen, ranchmen and stockmen. As shown by the dotted lines, the blade, when folded, is entirely protected by the unique but simply constructed and operated silver handle. When open it is as safe and rigid as a one-piece knife.

No. 78—Blade, 4 inches; weight, 3½ ounces.....$1.75

MARBLE TROUT KNIFE

Designed especially for dressing trout easily, neatly and rapidly, but is excellent for cleaning all fish. Forged from finest cutlery steel, equal to that used in best surgical instruments; 5⅝ inches long, handle ⅛-inch thick. To use, hold the back down and insert little finger in ring. It fits the hand beautifully. It is sanitary. Fishermen know how difficult it is to clean a pocket knife after dressing fish.

No. 79—Including metal bound leather sheath.....$ .75

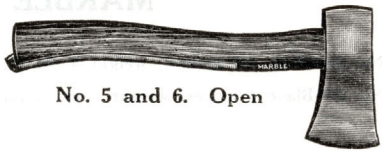
We only have space in our catalogue to illustrate and describe a portion of the Marble line. If you do not see what you require in our catalogue, we will send you, on application, a complete Marble catalogue.

All prices in this catalogue are net.

CAMP AND POCKET AXES

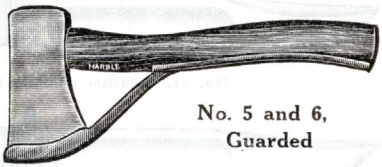
MARBLE SAFETY POCKET AXES

No. 2. Guarded



No. 5 and 6. Open

No. 3. Open



No. 5 and 6, Guarded

It is large enough to fell a tree and small enough to carry in the pocket. A perfect axe for "blazing," clearing a trail, setting a tent, and is as necessary in the woods as a gun or knife. The nickel-plated, spring-hinged guard is lined with lead and folds into the handle. The blade is made of tool steel, carefully tempered and sharpened. The metal handles are drop-forged and will never break. The side plates are of rubber; the wooden handles are of selected hickory and have nickel-plated guard and receiver.

		Weight	Length		
No. 2.	Steel handle...	20 oz.	11 in.	Solid steel blade, 2⅜x4 in.	**$3.50**

No. 2P.

SAFETY AXE WITH PICK

The pick can be securely and instantly locked either up or down. It will stand unlimited service and will be found handy when climbing. When folded, the axe can be safely used as a hammer.

Axe No. 2 with Pick.....**$5.00**

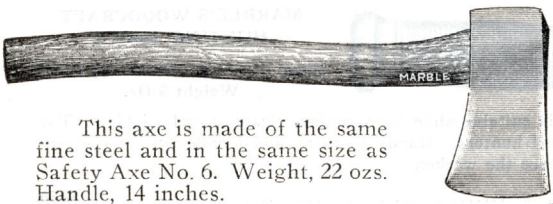
SAFETY AXE WITH CLAW

This Nail Claw is strong enough to pull a ten-penny nail from a seasoned hemlock plank. One can get at and pull a nail with the axe blade and claw, that could not be removed with a hammer alone.

No. 2½—Axe No. 2 with claw **$4.00**

No. 2½

MARBLE AXE BELT



This axe is made of the same fine steel and in the same size as Safety Axe No. 6. Weight, 22 ozs. Handle, 14 inches.

No. 929. Axe with sheath **$2.50**
No. 9. Axe without sheath **1.75**
No. 29. Sheath, orange or black leather **.75**

Marble Axe Sheaths

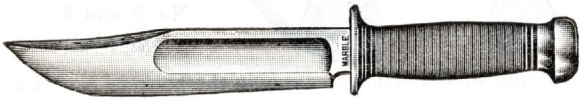
No. 41. Leather Handle Ideal



No. 45. Leather Handle Ideal (with Hilt)

No. 42. Stag Handle Ideal

No. 46. Stag Handle Ideal (with Hilt)

IDEAL HUNTING KNIFE

This was the first knife designed by Mr. Marble, and on account of its quality, combination of several excellent features and beauty of design and finish has won for him a world-wide reputation as maker of the highest quality of hunting knives.

The blade is adapted to sticking and skinning. It is oval-ground at back of point for chopping bones and other hard substances.

Beware of imitations, sometimes marked Marble Pattern. Buy only those marked on heel of blade "Marble's" or "M.S.A. Co., Gladstone, Mich., U.S.A."

Tube Sheath No. 34 Covering Blade and Handle or Hillsheath No. 39 Covering Blade Only and Protector Furnished with Each Knife

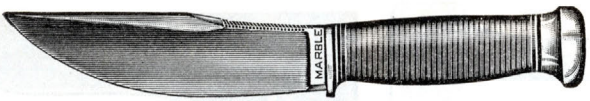
Blade 8 inch	3.75	Blade 8 inch	4.50



MARBLE'S WOODCRAFT HUNTING KNIFE

Blade 4½ Inch; Hands 3¾ Inch; Weight 5 Oz.

This knife meets all requirements. It is suitable alike for skinning, cleaning and sticking. The 4½ inch blade is desired by most experienced hunters. Handy to carry and handle, with no superfluous weight to tire the hand or inconvenience the worker.

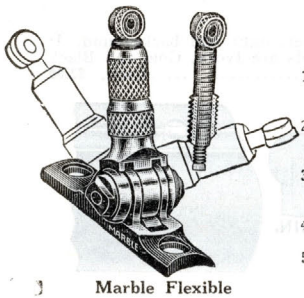
No. 49—Leather handle, with sheath $2.50

No. 50—Stag handle, with sheath 3.25

All prices in this catalogue are net.

MARBLE FLEXIBLE REAR SIGHTS

NOTE: When ordering any sight advise make, model number, calibre, and length and style of barrel of rifle; also state if for rifle or carbine.



Marble Flexible

FOR ALL STANDARD AMERICAN RIFLES EXCEPT REMINGTON MODEL, 12 AND 14 REPEATERS

Important Features and Advantages

1st.—Automatic Joint. Whenever the sight is struck on front or back, the coiled spring in the hinge brings it instantly into position for shooting.

2nd.—Advantage over Receiver Sights—Can be used on rifles with long firing bolts to better advantage than Receiver Sights, being closer to the eye.

3rd.—Elevation Lock—The lower sleeve, when turned up against the elevating sleeve, prevents it from being turned and holds the disc stem true and rigid at any elevation.

4th.—Interchangeable Discs—All Regular, Target and Sidelight Discs can be used.

5th.—Point Blank Adjustment—The screw in bottom of disc stem, permits a quick change of point blank range without tools. State make, model and calibre when ordering. **Each**.....$4.50

MARBLE SIMPLEX SIGHTS

For .22-Calibre Rifles Only. Note Low Price

The stem can be set very quickly in any position. The lock holds stem rigid at any elevation. Stem cannot drop out even when lock is open, but it can be removed when desired.

A large and small aperture disc is furnished with each sight.

The sight is held firmly by an inside spring in the proper position for shooting.

When ordering state make, and model of Rifle.

Each $2.25

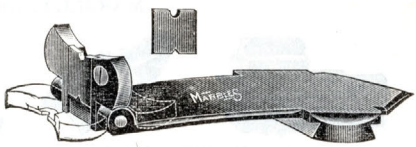
MARBLE ADJUSTABLE LEAF SIGHT



The leaf of this Leaf Sight is firmly held in position by the spring of the long flat part when either up or down, and can be easily put in either position.

Each $1.50

MARBLE IMPROVED IVORY OR GOLD BEAD

This sight enables one to make accurate shots at any range without stopping to adjust the rear sight.

On a range somewhat longer than the gun is sighted for, one can see the object aimed at, under the centre of the bead as well as over.

It is an exceptionally valuable sight for running shots and is used for shooting at objects in the air by the most famous professional riflemen. See specifications above.

Each $1.25

MARBLE STANDARD IVORY OR GOLD BEAD

They are made for all American rifles in 1-16, 3-32 and 1-8 inch ivory.

Each $1.25

MARBLE'S REVERSIBLE IVORY AND GOLD BEAD

This sight can be instantly reversed. Beads can be had in 1-16, 3-32 or 1-8 inch sizes.

Each $1.75

All prices in this catalogue are net.

MARBLE RIFLE SIGHTS

KING'S TRIPLE BEAD FRONT SIGHTS

This sight can be changed instantly to suit all conditions of weather, light and background. It has three separate and distinct sights—all on the rifle at one time. Beads are Ivory, Gold and Black (hard rubber). Made with 1-16 inch bead only.....Each, **$2.00**

MARBLE BI-COLOR SHOTGUN SIGHT

The chief and great advantage of the "Bi-Color" sight is that it will not break off, as very often happens with an all-ivory sight. It can be seen in any light.

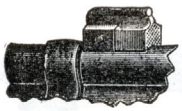
COARSE BEAD UP

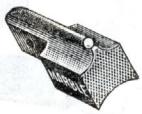
MARBLE DUPLEX SIGHT

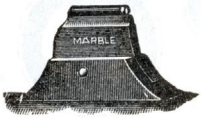
You can "draw a bead" in dim dawn, hazy brush, dazzling sun or jacklight's flare with this wonderful universal sight. Fine or coarse in one compact unit. The 1-16 inch Gold Bead is for target practice and game in ordinary light or on snow. The 1/8 inch White Enamel Bead is for all game in dubious light.....**$1.75**

MARBLE CARBINE AND RIFLE SIGHTS



No. 94C and 93C.





No. 895 on Rifle

No. 895

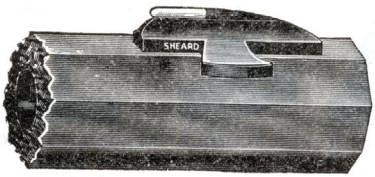
No. 11

Made for all Standard American Rifles, Carbines and Revolvers. State make, model and calibre when ordering.

No. 94C and 93C.....Each, $1.15
No. 895 ..... " 1.15
No. 11 .....Each, $1.15

Side View Carbine Sight

Side View Revolver Sight



Showing Rifle Sight on Barrel

Front View Rifle Sight

SHEARD'S GOLD BEAD HUNTING OR TARGET FRONT SIGHT

This sight is made with coarse, medium or fine gold bead of the proper size, shape and height to fit all rifles, carbines and pistols that have removable sights. This sight can also be fitted to arms with solid stationary front sights, but under these conditions arms must be sent to the factory. This sight is guaranteed to show up in the darkest timber and under all conditions, and will not blur. It will show the same color on two different colored objects; will stand the roughest kind of usage. When ordering be sure to specify the make, model and calibre of arm for which sight is intended.

Price.....Each, **$1.75**

All prices in this catalogue are net.

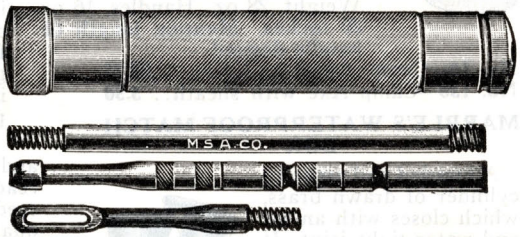
MARBLE RIFLE CLEANERS

The principle of construction is a spirally bent spring of tempered wire with wire gauze washers, separated by soft metal. An equal pressure is exerted from breech to muzzle along the entire barrel. It follows the twist. Made for all calibres, adjustable to standard rods .....Each, **$ .75**

MARBLE'S REVOLVER RODS

The hollow screw-capped nickel-plated brass handle accommodates the other parts; also any make or size of cleaner and an extra section if needed. It is ¾x5 inches in size. The three sections are made of brass. One contains steel swivel, same as Marble rifle rods.

No. 99—For 8-inch barrel. State calibre .....Each, **$1.00**



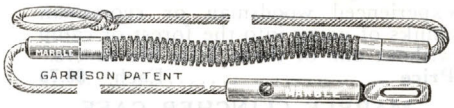
MARBLE SHOTGUN CLEANER

The brush is composed of soft brass washers that will not injure the bore. The spiral spring core forces the brush against the bore, exerting an equal pressure from muzzle to breech, regardless of choke.

Each.....**$1.10**

MARBLE FIELD CLEANER

This is a most practical rifle cleaner, as it is so compact it can easily be carried in the pocket. Cleaner consists of a bristle brush attached to a cord with weight at other end so that it can be dropped through barrel.

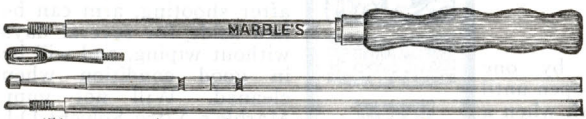


Made in all calibres, from .22 to .50.....Each, **$1.10**

MARBLE'S JOINTED STEEL RIFLE RODS

Price includes bag. State length of barrel.

Made in lengths 26, 28, 30 and 34 inches.



The corrosive action of "Ammonia Dope" on brass rods is a source of much annoyance to the user of high velocity rifles. This is overcome by the use of our jointed steel rod.

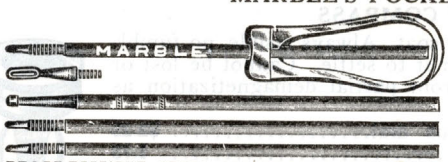
No. 9822—For .22 to .25 calibre . .204 inch diameter **$1.50**

No. 9828—For .28 to .50 calibre. .25 inch diameter **$1.50**

MARBLE'S POCKET STEEL ROD

For Rifles and Revolvers

Price includes case. State length of barrel.



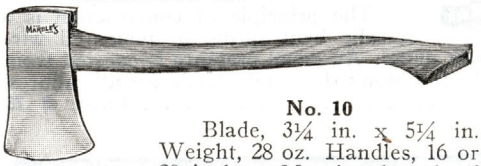
No. 222—For .22 to .25 calibre. Give length **$2.00**

No. 228—For .28 to .50 calibre. Give length **$2.00**

For the convenience of those wishing to carry a Rifle Rod in their pocket or kit, this four-section Pocket Steel Rod is very satisfactory. Constructed similar to steel rod above, and with handle same as "Marble's Pocket Rod." With jagged and slotted ends and canvas case.

All prices in this catalogue are net.

MARBLE'S CAMP AXE



No. 10

Blade, 3¼ in. x 5¼ in. Weight, 28 oz. Handles, 16 or 20 inches. Mention length of handle desired

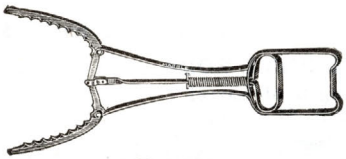
No. 10—Camp Axe **$2.75**
No. 130—Camp Axe with sheath.. **3.50**

MARBLE'S WATERPROOF MATCH BOX

A knurled and nickeled cylinder of drawn brass, which closes with an air and water-tight joint. It is about the size of a 12-gauge shotgun shell, and holds as many matches. A water-proof matchbox is cheap life insurance to the man who is "caught out" in wet weather. It means warmth, dry clothes, comfort and something hot to eat and drink. No experienced woodsman or sportsman thinks of going into the forest or camp without one of these little life-savers.

Price .....Each, **$0.75**

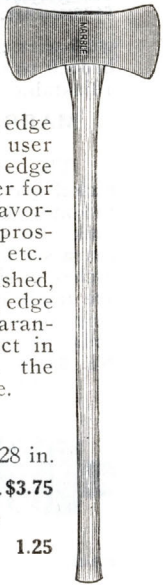
MARBLE CLINCHER GAFF



No. 321

No. 321—Controlled entirely by one hand. A spring holds the jaws open until you are ready to gaff your fish when a grip of the hand closes it like a flash. Made of steel; nickel-plated. Length 18 ins.; distance between jaws when open 7¼ inches. **Each** **$1.50**

MARBLE'S DOUBLE BITTED AXE



A delightful little axe to handle—nicely balanced and just the right weight for speedy work in clearing a trail or cutting firewood. The double edge is of great value as the user can always have one sharp edge for chopping and the other for general use. It is a great favorite with Forest Rangers, prospectors, guides, campers, etc.

Each axe is finely polished, and ground to a keen cutting edge ready for immediate use. Guaranteed to be absolutely perfect in quality and temper ,and the handle to be strong and true.

Blade, 7¾ in. x 3¾ in.

Weight, 2½ lbe. Handle, 28 in.

No. 15—Double-bitted axe..**$3.75**

No. 31—Leather Sheath for No. 15 Axe **1.25**

MARBLE'S NITRO-SOLVENT OIL

The wonderful new oil that will quickly dissolve the residue of all black and smokeless powders, including cordite. It stops corrosive action by neutralizing the acids of the residue before they have penetrated the steel. The oil contains no acid. If applied soon after shooting, arm can be laid aside for several days without wiping, and will be in good condition when cleaned. Will not gum. Marble's Nitro Solvent Oil,

No. 244—3 oz. can. Each, **.35**
No. 544—6 oz. can. Each, **.75**

MARBLE'S HANDY COMPASS

Made to fasten firmly to belt, vest or coat. Always visible, no fumbling in pocket for compass and waiting for it to settle. Cannot be lost or left in camp. Cannot become erratic from partial demagnetization as with a compass carried in the pocket.

No. 082L—Coat style, revolving luminous dial..... **$2.25**
No. 082 —Coat style, revolving dial **1.75**
No. 182 —Coat Style, stationary dial..... **1.50**
No. 184 —Pocket style, stationary dial. Without bracket..... **1.25**
No. 186 —Pocket style, revolving dial. Without bracket..... **1.50**
No. 186L—Pocket style, revolving luminous dial. Without bracket **2.00**

All prices in this catalogue are net.

MARBLE'S AUXILIARY CARTRIDGES

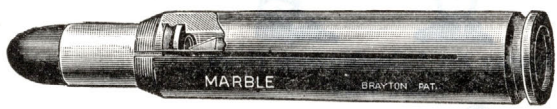
For .22 H.P.

Places the pistol cartridges at the forward end of shell chamber for firing. Bullet takes rifling immediately on being fired; does not strip and become deformed; does not lead the barrel. Gives thoroughly satisfactory results. **It allows the use of very cheap ammunition for small game or target shooting in a large high-power rifle.**

The implement is simple, strong, and its use is perfectly harmless to any part of the rifle. Can be used through the magazine if desired.

When rifle firing pin hits auxiliary pin, neither is harmed, because the primer or rim is soft and takes up the impact.

The States of Illinois and Michigan adopted these Auxiliary Cartridges after exhaustive tests.



For Rimless Cartridges.

Furnished in the following Sizes:

No. 150—Size .30 Remington for use with .32 short Colt.
No. 151—Size .30-30 for use with .32 short Colt.
No. 152—Size .25-35 for use with .25 Colt Automatic.

No. 169—Size 8 MM for use with .32 Colt Auto.
No. 170—Size .250-3000 Savage, for use with .25 Colt Auto.
No. 171—Size .250-30000 Savage, for use with .25 Short Stevens R. F.
No. 172—Size .300 Savage, for use with .32 Colt Auto.

Each **$1.00**

Extractor with Section of Broken Shell.

The Marble Extractor slips inside the broken shell, grabs it by the nose and one motion of the lever throws out extractor and the broken section.

Many a rifle has been ruined by the misdirected efforts to remove a broken shell from its chamber. The satisfaction of knowing you are prepared for any such emergency is worth several times the price of this extractor.

Made for all calibres from .22 Automatic to .45-90.

No. 160—State calibre **$1.00**

All prices in this catalogue are net.

THE AMERICAN PEDOMETER

Registers every step you take. It is carried like a watch in the pocket. The back is readily taken off and the works adjusted to suit step of wearer. The hand can be set at any point of the dial at any time. You don't have to wind it, and it goes only when you go. The average man has no idea of the number of miles he travels in a day. Everybody, and especially a sportsman, should carry a pedometer.

100-mile dial, handsome nickel case.....Each, **$2.50**

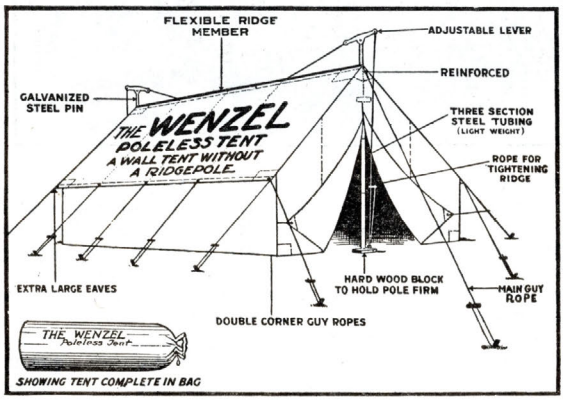
Poles and stakes included with each tent.



SHOWING TENT COMPLETE IN BAG

THE WENZEL POLELESS WALL TENT

The Wenzel Poleless Wall Tent is not an experiment of yesterday but a tent that has been thoroughly tested, and which has been in actual use in all parts of the U.S. and Canada for the past 15 years.

The principal feature is to eliminate the long bulky wooden ridge pole used in all other makes of wall tents.

Are made in the following sizes, khaki duck:

Size feet	Height of Wall	Price
7x7	3 ft.	$27.00
7x9	3 ft.	32.00

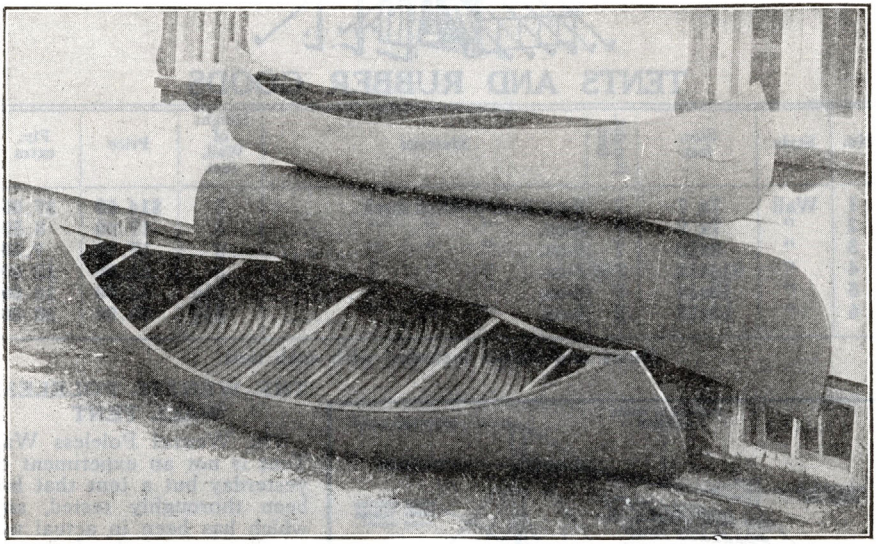
Canvas Canoes and Oars



The safest canoe in the market for sportsmen and explorers. Made of specially prepared canvas, with wood lining and ribs, hardwood gunwales and protected ends.

These canoes are made by Indians on the model of a birch bark canoe. They are not to be confused with the high-grade factory output, but are a rough, serviceable canoe for sportsmen and explorers. They are specially adapted for portage work.

Canoes are painted slate color, but are shipped before receiving finished coat, as transportation generally causes the necessity of another coat of paint.

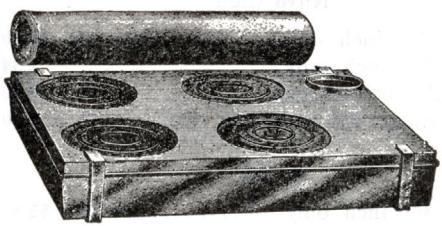
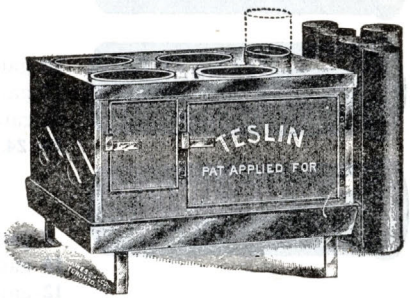
"TESLIN" CAMP COOK STOVE



Cut Shows Knocked Down Stove



This will be found a compact little stove, capable of doing its work satisfactorily, and will be found a boon to lumber camps and construction gangs.

Always supplied with pipe unless otherwise specified.

Has direct as well as indirect draught. The arrangement of flues directs the heat around the oven for baking, as in a high priced cook stove. The simple construction of the stove renders it perfectly rigid when put together, and the heavy angled corners assist in preventing the stove from warping. Has four 8¼-inch pot holes on top. Five lengths of telescopic pipe (supplied with each stove) will extend to 9½ feet.

Style.	Size of Top, inches.	Height, inches	Size of Oven, inches	Size of Fire-box, inches.	Size of Fire-door, inches.	Price.

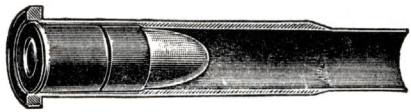
WINCHESTER SUPPLEMENTAL CHAMBERS



Price, 75c.

This handy and simple device permits the use of popular pistol cartridges in high-power rifles chambered for .30 Winchester, .30 Army, .303 Savage, .303 British, .32-40, .32 Winchester Special, .35 and .405 Winchester cartridges, without change, or re-adjustment of the rifle, except the sights. The Winchester Supplement Chamber is inserted in the rifle the same as the cartridge, and as it is extracted from the gun in the same manner as an empty shell, it does not interfere with the instant use of regular ammunition. For short-range shooting or indoor target-practice it gives excellent results, which makes it a valuable addition to every sportsman's equipment. It is also an aid to attaining proficiency in the use of a regular hunting rifle at a minimum expenditure for ammunition.

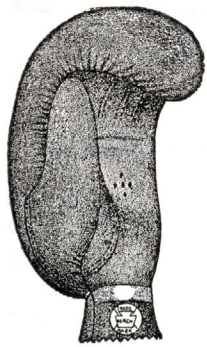
The Winchester Supplemental Chamber is made in the following sizes:

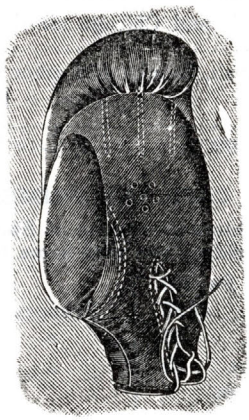
.30 Winchester, for use with .32 Smith & Wesson.
.30 Army, for use with .32 Smith & Wesson.
.30 Gov't Model 1906, for use with .32 Smith & Wesson.
.303 Savage, for use with .32 Smith & Wesson.
.303 British, for use with .32 Smith & Wesson.
.32 Winchester Special, for use with .32 Short and .32 Long Colt.
.32-40, for use with .32 Short and .32 Long Colt.
.405 Winchester, for use with .41 Short Colt.

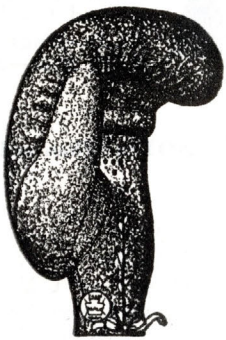
We recommend the use of smokeless powder cartridges with the Winchester Supplemental Chamber, as the black powder cartridges soon foul barrels having such quick twists as the above.

All prices in this catalogue are net.

BOXING GLOVES







Spalding "Championship" Gloves

Endorsed by all champions and have been exclusively used for years in championship contests and in training. The material and workmanship are of the highest quality, the fit is perfect, and by their peculiar construction absolutely prevent any chance of injury to the hands or wrists. Each set is carefully inspected before packing and guaranteed in every particular.

No. 115—Spalding 5-ounce "Championship" Glove..... **$12.50**

No. 218—Spalding 8-ounce "Championship" Glove..... **13.00**

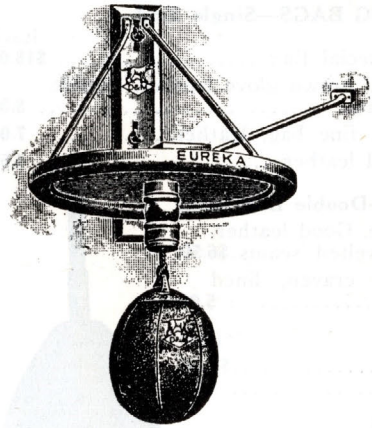
STRIKING BAG PLATFORMS



"EUREKA"

The "Eureka Striking Bag Platform takes up very little space. Very rigid and strong. Can be attached to casing of door or on wall. Made of birch, highly polished; strongly supported by steel tubing; nickel-plated detachable swivel in centre.

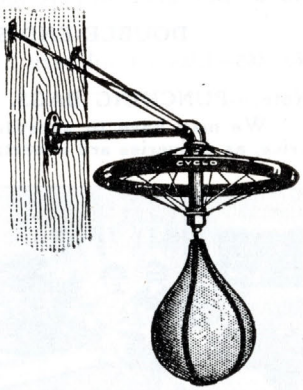
No. 1—Non-adjustable platform, price, without bag, each **$12.50**

No. 2—Adjustable platform (adjustable in height for youth or adult) price, without bag, each **$14.00**

CYCLO

For Professional or Amateur Use

With this platform, bag punching, the most beneficial of indoor exercises, may be freely indulged in without the excessive noise and jar which has made this form of sport practically impossible in the home; the wheel construction does not readily transmit vibration but gives forth a rythmical tatoo which is in no way annoying; the bag is attached by a swivel coupling screwed to one end of the hub; the other end being threaded to a projecting arm braced to the side wall, or to a flange under a doorway; when secured under a door or archway, the wheel can be removed when not in use, and the curtain drawn to conceal the fixture.

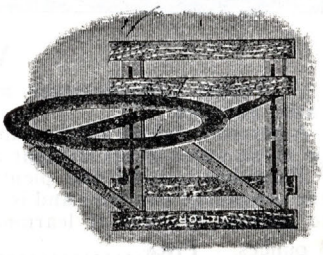


No. 41 B.Y.—Hardwood rim, aluminum finished, steel spokes; strong tubular hub; diameter, 18 inches; weight, each, 8¼ lbs. Without bag.
Price, each **$11.00**

LIND STRIKING BAG PLATFORM

The Lind Platform is well constructed of durable hard wood, in mahogany finish, will not rattle or get out of order, is light in weight yet strong enough to stand most any strain, and can be put up anywhere. Our Special Nickel Steel Springs act as shock absorbers, relieving the vibration and preventing needless jar and noise.

Price (without bag) **$7.00**



All prices in this catalogue are net.

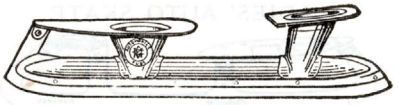
AUTOMOBILE SKATES

OUNCES LIGHTER AND STRONGER

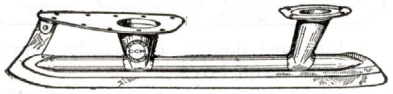
AUTOMOBILE HOCKEY TUBE



Olympia Model-It is welded throughout by a special electric pot welding machine the joints thus being made stronger than by any other process. The heel is supported by a special reinforcement inside the cup. This support fits right down over the tube. The blades are ⅛-inch thick, made of highest grade chrome nickel steel, superbly tempered, polished, plated and buffed. Tops are made of hard cold rolled steel, with aluminum finish, strong brackets, electric welded throughout; polished with aluminum finish. Sizes 9 to 12.

Per pair **$5.00**

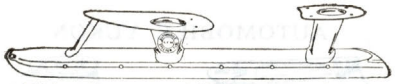
AUTOMOBILE PLEASURE TUBE



Made up to the same high standard as the popular Olympia Model, but with lighter blades, tubes and tops, making them particularly adapted for pleasure skating. The smaller sizes have reduced size plates to fit children's or ladies' boots. The skate is finished in highly polished nickel plate. Toe and heel plates are bored for screwing or riveting on boots. Sizes 9 to 11½.

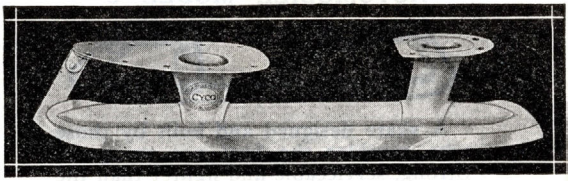
Per pair **$5.00**

AUTOMOBILE SPEEDER TUBE



This latest addition to the automobile skate line has been designed specially to supply the speed skater with a skate of maximum strength and minimum weight. The blades are of 1-16-in. chrome nickel steel; the cups, plates and tubes are of best rolled steel, specially designed and reinforced, highly polished nickel-plate finish. Sizes 9½ and 10 have 14-in. blades. Sizes 10½ to 12 have 15-in. blades. Per pair **$6.00**

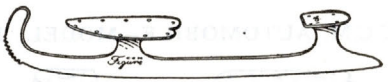
C. C. M. CYCO TUBE



A moderately priced tube skate for pleasure skating. Equally suitable for Hockey. Spot welded throughout. Aluminum finish. Sizes 9 to 12.

Price, per pair **$3.50**

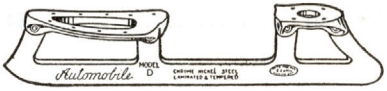
C.C.M. "MINTO FIGURE"



A perfectly made skate in this most popular design for Figure skating. Approved by leading professionals. High-grade drop-forged steel sole and heel plates. Chrome nickel Sheffield crucible steel blades. Sizes 9 to 11½.

Per pair **$15.00**

AUTOMOBILE—MODEL "D"



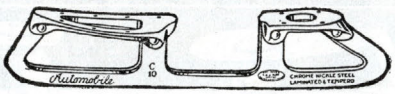
Model D is all a skate should be in lightness, strength and beautiful rich appearance. Note the superior finish, attractive design, workmanship and construction. Blades are made of chrome nickel steel, tested, concaved; specially tempered; tapered at toe and heel; polished, nickel-plated and buffed. Tops are made of aluminum alloy specially cast and tempered; highly polished; light and strong. Sizes 10 to 12.

Per pair **$6.50**

All prices in this catalogue are net.

AUTOMOBILE SKATES—Continued

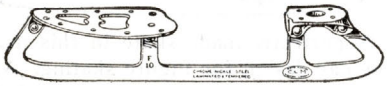
AUTOMOBILE—MODEL "C"



A skate designed and built by those who consider the best not too good. Strong, serviceable and lighter than the average skate. Blades are made of chrome nickel steel; concaved; specially tempered. Tops are made of aluminum alloy; specially cast, highly polished; very strong and light. In the smaller sizes this graceful model is much favored for ladies' use. Sizes 10 to 11½.

Per pair **$6.00**

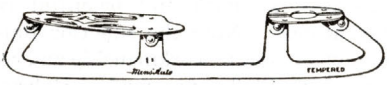
C.C.M. AUTOMOBILE—MODEL "F"



A high-grade ladies' model, new last season, but already extremely popular. Beautifully designed and finished, nice enough for jeweller's window. Combines lightness and grace with ample strength. Small but very strong sole and heel plates. Aluminum tops, Chrome nickel Sheffield Crucible steel blades, laminated and tempered. Sizes 9 to 10½.

Per pair **$4.00**

MEN'S AUTO



A new model, which already promises to rival in popularity the famous Ladies' Auto. The blades are of tempered steel, 5-32", and the tops are nickel-plated and satin finished. Sizes 9½ to 11½.

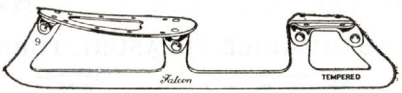
Per pair **$3.50**

LADIES' AUTO SKATE

This model is different from many of the heavy, clumsy skates that take away so much of the pleasure of skating for women. Blades are made of high-grade chrome nickel steel, specially tempered. Runners slightly curved with double ends. Polished, nickel-plated and buffed. Tops are of hard, cold rolled steel. Side brackets very neat, polished and plated, with satin finish. Sizes 9½ to 11½.

Per pair **$3.50**

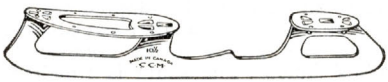
AUTOMOBILE FALCON



A low heel design, especially popular with ladies and boys.

Per pair **$2.50**

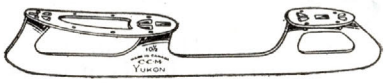
C.C.M. "POLAR"



Similar in design to the very popular Yukon model introduced last season, but with tempered blades. Nickel-plated. Sizes 8 to 11½.

Per pair **$2.00**

AUTOMOBILE YUKON



A splendid quality skate at a low price, particularly suitable for boys. Blades are of good quality steel; nickel-plated; tops of hard steel; satin finished. Sizes 8 to 11½.

Per pair **$1.25**

All prices in this catalogue are net.

SKATES

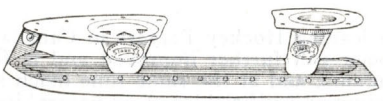
The "Starr" Tube Skates

TUBE RACER, NICKEL PLATED

A popular racing model. Very strong without an ounce of surplus weight. The blades are of the highest quality cold drawn crucible steel, tempered glass hard. The skate is electrically welded throughout .

No. 190RNP—Sizes 10 to 11½ inches.....Price, **$4.25 per pair**

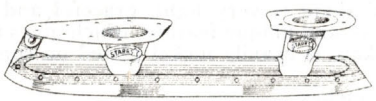
TUBE PLEASURE, NICKEL PLATED



Specially designed for rink use. Lighter than the Hockey Models, but the same high quality. Blades are of Chrome Nickel Steel, specially tempered. Electrically welded throughout, and patented Sole and Heel Cups extended and electrically welded to the blade of the skate.

No. 190P. N.P.—Sizes 9 to 11½ inches.....Price, **$3.75 per pair**

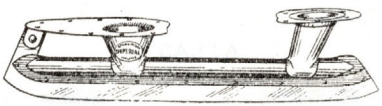
TUBE HOCKEY



A Tube Skate suitable for Hockey or Pleasure Skating. The extremely low price of this model should put Tube Skates within the reach of those who have felt heretofore that they could not afford a pair of Tubes. This model, while low in price, carries the usual Starr guarantee. Chrome Nickel runners and skate electrically welded throughout.

No. 190H, Aluminum Finish—Sizes 9 to 12 inches.....Price, **$3.00 per pair**

IMPERIAL TUBE



A low priced Tube model suitable for Hockey or Pleasure Skating. Carbon Steel runners highly tempered.

No. 4, Aluminum Finish—Sizes 9 to 12 inches.....Price, **$2.60 per pair**

All prices in this catalogue are net.

SKATES

The "Starr" Skates

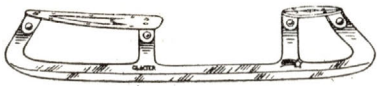
INTERNATIONAL FIGURE

This model has been a favorite with figure skaters in Canada and the United States for many years. The Sole and Heel Plates are made from a special grade of cast steel, supported by cold rolled steel brackets. The blades are of Chrome Nickel Steel, highly tempered. The whole skate is nickel plated and hand polished.
No. 192—Sizes 9 to 11 inches.....Price, **$6.00 per pair**

REGAL HOCKEY SKATES

Long a favorite with leading Hockey Players in Canada and the United States. This year's model has been still further improved and is fitted with Lynite Tops. Lynite is as light as aluminum, and at the same time much stronger. This model is particularly suited for skating on artificial ice or on natural ice where the temperature is sufficiently low to produce a hard, keen surface.
No. 189—Sizes 10 to 11½ inches.....Price, **$4.25 per pair**

LADIES' GLACIER

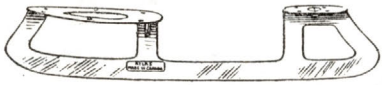


This beautiful ladies' skate is very light, graceful and has our special convex flanged blade; an attractive and unique feature, which gives a grip of the ice at point of contact. The entire skate is heavily nickel plated on copper, beautifully polished and hand-finished.
No. 184—Sizes 9 to 10½ inches.....Price, **$3.00 per pair**

BULLDOG

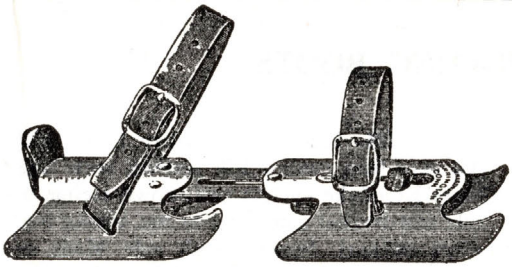
This skate has sturdy strength and staying powers. It will hold up under abuse that the average skate will not stand. Cold rolled Steel Tops and Carbon Steel runners. Nickel plated.
No. 154—Sizes 8 to 11½ inches.....Price, **$1.50 per pair**

ATLAS



An inexpensive skate. Cold Rolled Steel runners. Nickel plated.
No. 17—Sizes 8 to 10½ inches.....Price, **$1.00 per pair**

All prices in this catalogue are net.



SKATES—Continued

EXTENSION "BOB" SKATE

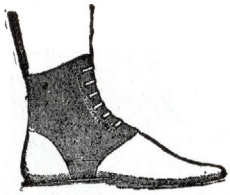
Especially designed for small children learning to skate. The runners are wide apart and there is no danger of straining the ankles. Extends from 6 to 9 ins.

Per pair **$0.50**

SKATE PLANE

The only sharpener on the market that will concave a skate runner or give a square surface if desired. Weighing only four ounces, it may be carried in pocket or skate-bag, and so easily handled that any boy can use it, and will last a lifetime.

The file has four sides, three for giving a runner a square surface and one for concave. The file is quickly changed by loosening screw at end and reversing file to any of the sides, each **$0.30**



ANKLE SUPPORTS

Made of good quality leather, just right for supporting weak ankles. They do away with the use of skate straps. Made in all sizes for men and women.

State size of shoe worn when ordering.

No. 1 Grade—Per pair..... **50c**

SKATE STRAPS—Leather

INDIAN MOCCASINS

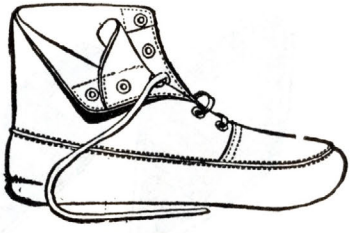
For snowshoeing, tobogganing, hunting, fishing, camping, canoeing; they are easy to the feet and are durable. We keep moccasins made of the best moose skin only. Those of common skin are worthless, getting hard and stiff when wet.

	size	
Men's, laced, per pair.....	6-12	**$1.75**
Ladies', laced, per pair.....	1-5	**1.50**
Misses', laced, per pair.....	10-13	**1.25**

Laced moccasins are laced in same manner as boots. In ordering moccasins send size of boot worn or length of foot in inches.

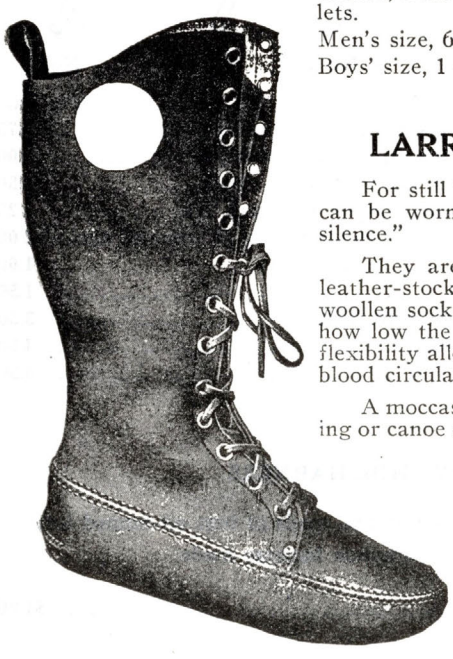
PINTO OR "BULLHIDE" MOCCASINS

Here is a line of the best moccasins made, When we say best, we mean best, because we tan the leather ourselves, and manufacture them ourselves, and know positively what we are talking about. They'll stand the test.



Drab "Bullhide" moccasin, 7½-in. split top, chrome tanned, heat and wet proof, wax sewn, Klondyke eyelets.

Men's size, 6 to 12, per pair.....**$2.50**
Boys' size, 1 to 5, per pair..... **2.00**



LARRIGANS OR MOCCASINS

For still hunting, a moccasin is the only thing that can be worn in which a person may be "shod with silence."

They are perfectly easy to the foot, are really a leather-stocking. In them, with three pairs of good woollen socks, the feet will always be warm, no matter how low the thermometer may register, because their flexibility allows the feet natural play, which keeps the blood circulating through them.

A moccasin is indispensable in a well-regulated outing or canoe outfit. Also just the thing for snowshoeing.

No. 20—Low, per pair.....**$3.50**

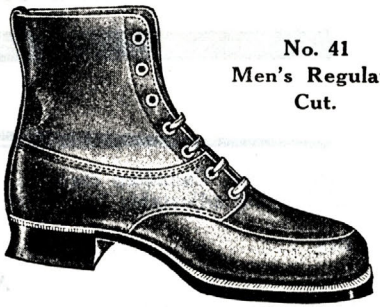
SKI BOOTS

No. 42
Men's High Cut
Felt Band
at top.



No. 41
Men's Regular
Cut.

Our Ski Boots are made of a specially tanned oil leather. Soles are extra heavy. Heels are grooved to hold strap of ski harness in place.

A great deal of care and skill has been used to perfect these Ski Boots. Ski experts of Norway, Sweden and Switzerland have been consulted, the results have been the development of the best line of Ski Boots ever offered on the Canadian market.

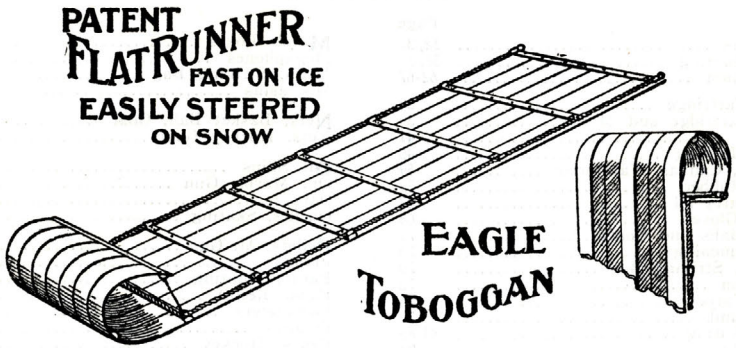
TOBOGGANS

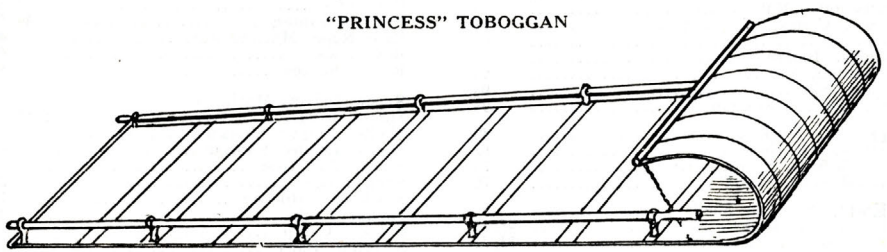


THE "EAGLE" TOBOGGAN

Our Eagle Toboggans are the result of a long experience. An up-to-date toboggan must be fast, easily steered and not too heavy. The Eagle combines all these qualities. Made of seasoned birch or maple, highly polished and oiled, with varnished hood. The centre and two outside slats are ⅛-inch thicker than the other four, which gives the toboggan three rounded runners of a sufficient height to run very fast on ice and yet low enough to steer easily on soft snow. The three runner-slats are screwed to braces from the top; screws do not project nor are there any screws put in from under surface runners. Smooth polished runners are the result, and great speed is obtained by this method of construction. Side ropes are of heavy white cotton rope, giving an easy and strong hold and making the toboggan flexible on rough ice or snow.

Length feet	10	9	8	7	6	5	4
Each	**$11.00**	**$10.00**	**$9.00**	**$8.00**	**$7.00**	**$5.00**	**$4.50**

"PRINCESS" TOBOGGAN



We have had a demand for a slat toboggan of better quality than those that are now on the market. We have had our factory make up a line for us; they are much better finished than the old style; the wood is straight grained and free from knots. They are far superior to any we have been able to buy. Our "Princess" Toboggans are made of wooden slats, flat on the bottom; they are fastened together by wooden cross-bars; the slats are securely screwed to the bars; there is no danger of their coming apart. They are very fast and give excellent satisfaction. Length includes hood.
